

# SAFE STAFFING AND QUALITY OF CARE SURVEY RESULTS

BRATTLEBORO FEDERATION OF NURSES

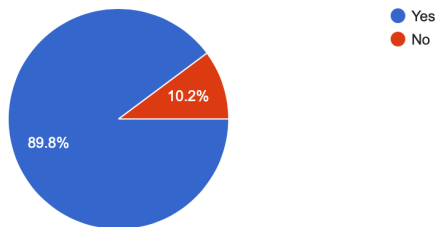

My work area has enough nurses to provide quality care.

58 responses

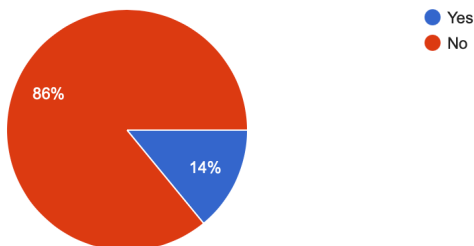

My work area is seeing or has seen notable staff turnover as nurses leave for other job opportunities.

59 responses

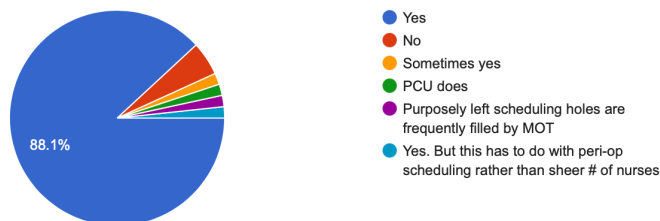

My work area has enough support staff to provide quality care.

57 responses

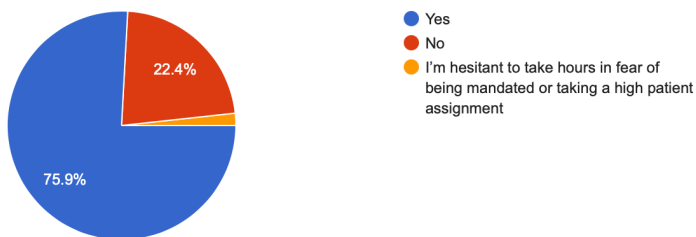

My area regularly has to rely on overtime to meet basic staffing needs.

59 responses

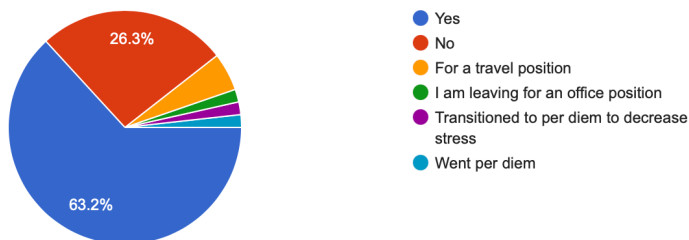

I have experienced moral distress due to staffing levels/concern over the quality of care in the past year.

58 responses

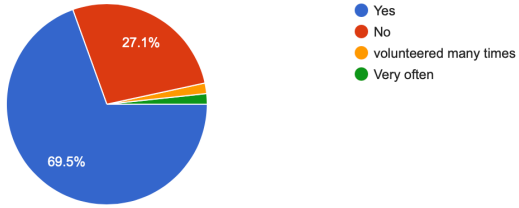

I have considered leaving my job in the last year.

57 responses

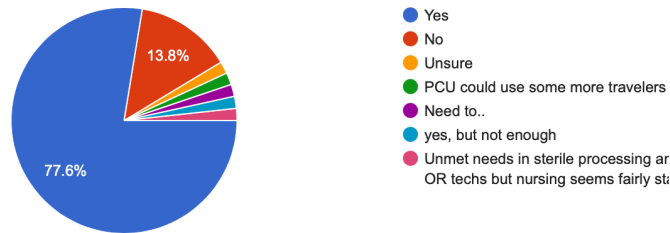

Have you personally been mandated to take Overtime hours in order to fill vacant shifts the last year?

59 responses

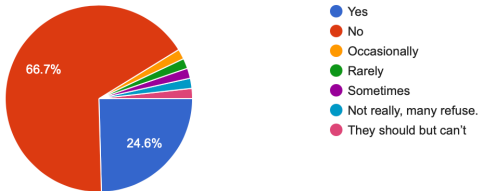

My area has had to increase our use of travelers to meet staffing needs.

58 responses

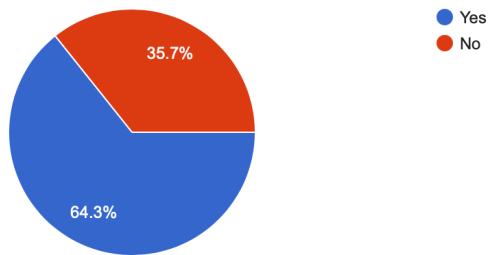

Has your work area increased your staffing by using nursing staff from other departments to fill needs.

57 responses

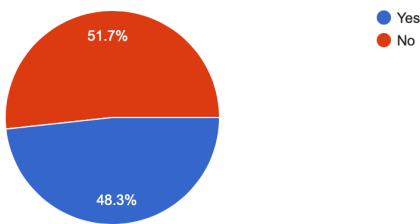

Support staff are regularly pulled to be sitters, leaving us with less LNAs/techs.

56 responses

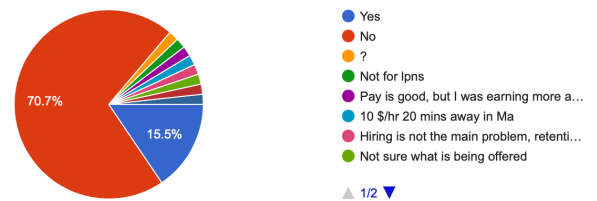

I would encourage a fellow nurse to come work in my work area.

58 responses

BMH is offering competitive pay that allows us to hire enough nurses as permanent staff in my work area.
